We're a ***people** business

We deliver the very best in integrated legal advice without ever compromising on our personal approach.

We are proactive*

We are responsive to our clients' needs and will always go the extra mile to get the result.

We are collaborative*

We believe collaboration, transparency and clear communication with colleagues and clients is key to accomplishing common goals.

We are personal*

Our people make our business. And by letting our people be our guide, our culture thrives, innovation flourishes and we deliver positive outcomes for our clients.

Expertise

Advising our clients with exceptional legal service, commercial awareness, and commitment to clients.

without ever compromising on our personal approach.

Real Estate

Bringing people, capital and opportunity together and creating commercial solutions to get the deal done.

What we do

Our expertise covers the full range of commercial real estate disciplines, from buying and selling commercial and mixed-use properties, to all aspects of landlord and tenant transactions, property investment, funding, and property development.

Commercial Real Estate team acts for a wide range of domestic and international individuals, including HNW and UHNW individuals, family offices, companies, institutional and private investors, funds and developers, institutional lenders, and private banks. We regularly provide advice to corporates acquiring their UK headquarters or expanding their UK presence, UK retail chains as well as fledgling companies taking their first steps on the real estate ladder. Each one of our clients has a unique set of requirements. We make sure that we understand our client's business and requirements fully and approach each transaction with a personalised service and bespoke advice. Languages spoken by our lawyers include Hebrew, Russian, Greek, French, German, Spanish and Hindi.
